Code of Conduct

This Code of Conduct applies to all Artists, Participants and Venues registered for FUSE. The Code of Conduct is designed as a statement of intent to help provide Artists, Participants, Venues and audiences with the best possible experience during FUSE and at similar Events in the future.

Darebin Council's organisational values are:

- We Make a Difference
- We have Integrity
- We are Accountable
- We show Respect
- We are Creative
- We are Collaborative

We take pride in our values and hope that you will share our vision for a connected, collaborative and creative festival.

As an Artist, Venue or Participant in FUSE, it is expected that you will:

- Use your best endeavours to keep audiences, Participants, members of the public and other Artists safe.
- Aim to provide the highest level of accessibility for all Events.

- Promote equal opportunity in your working environment.
- Minimise harmful environmental impact and promote sustainability, including by complying with the Darebin Council [Single-Use Plastic Free Events Policy](#) where possible.
- Provide clear, timely and open communication with everyone involved in the performance and production of your Event. This includes, but is not limited to, Council staff, producers, promoters, media, Venue owners and audience members.
- Ensure that you are NOT working with a venue that supports electronic gaming machines, as per our Electronic Gaming Machine Policy 2018-2022.
- Acknowledge Council's organisational values as listed above.
- Ensure that you, and any of your employees or members of your team, conduct yourselves in a professional manner. Aggressive, threatening and discriminatory behaviour is unacceptable and will not be tolerated.
- Help us to provide the best possible experience we can for everyone who takes part in or visits FUSE. Please share any feedback with us and complete our end of festival survey.

For more information on this Code of Conduct, or for specific advice on any of the points raised, please contact the Festivals & Events team at fuse@darebin.vic.gov.au.

COVID Safety

You must ensure your event adheres to the COVID-safe settings applicable at the time of your event.

Council may decide, based on the advice of the State Government and Chief Health Officer, that it is an unacceptable risk to health and public safety to continue with the Festival. Council may then decide to cancel or postpone the Festival. In this instance, we will only make statements about the Festival and all our public facing statements and platforms will support this directive. While we are not in a position to force the closure or cancellation of your event, we will not be able to support any decision that undermines the decision made by Council. We will also not be held liable for any damages, financial or otherwise, that may affect you as a result of this decision.

Please visit <https://www.coronavirus.vic.gov.au/public-events> for the most up-to-date information and guidance around planning and presenting COVID-safe Public Events.

Public Liability Insurance

Public Liability Insurance (PLI) is intended to insure you in the unfortunate event that a person is accidentally injured, or property is damaged at your Venue or, for Artists, at your Event at FUSE. For example, PLI would provide insurance cover for you in the event that an audience member injures themselves tripping over an electrical lead you have installed at your Event.

Council is not responsible for ensuring that Artists, Participants and Venues have adequate and current PLI for FUSE, but encourages all persons involved with FUSE to consider their PLI requirements.

For Artists, if your Event is presented at an established Venue such as a theatre or hotel, the Venue is likely to have PLI that will insure them against liability for injury, loss or damage that occurs at

their Venue. However, the Venue's PLI may not extend to your individual activities as an Artist, and the Venue may request that you obtain your own PLI before they allow you to present in their space.

We suggest that Artists discuss PLI with their proposed Venue. If your Event will not be covered by the Venue's PLI, then we strongly suggest that you obtain your own PLI ahead of your Event.

For Venues, we suggest that you confirm the currency and suitability of your PLI, and any other relevant insurance policies you may hold. We also strongly encourage you to talk openly to prospective Artists about the extent of the cover provided by any PLI you may hold.

Most insurance companies offer one-off PLI for Events such as FUSE. If you need some further advice on obtaining insurance for your Event, please get in touch with us at fuse@darebin.vic.gov.au.

Working With Children

If your Event involves direct, unsupervised physical or face-to-face contact, or written or electronic communication (including via social media), with children, you may need to hold a valid Working With Children Check.

We suggest that you take the questionnaire at <https://www.workingwithchildren.vic.gov.au> to determine if you need a Working With Children Check.

Business and Planning Regulation Compliance

Whether you are an owner/operator of the premises your FUSE event occurs at, or in a leasing arrangement, it is essential you consider whether the relevant business permits, building permits and/or any other regulatory requirements are being fulfilled. Some questions to ask may include (but are not limited to) "is a Place of Assembly permit required?", "will I need to seek a car parking exemption?", "have any modifications to the building been through the proper planning approval process?". If you don't know the answer to these questions or other questions, staff in Economic Development or Planning at Darebin Council will be able to assist. Please contact 03 8470 8888.
